
RDC Session Monitoring 1.0 is live!

A: Look at the html source of the page, there's an input hidden with the attribute type="file", and a button with the type="submit" (I guess this button is where you're getting the value for upload_file), so just ignore that hidden input and check if you get that value inside of upload_file. If it does, then you can use that value to upload a file. I don't know how does your uploading work or how your JS is, but I hope this helps. // // A4FFastSlowQuery.h // A4FullText // // Created by default-swift on 2019/11/15. // Copyright © 2019 eonbaby.
