PPP's new "Turkey" poll finds that Romney leads Obama 49-44 in the state. However, it was the most recent competitive poll within the state. From December 3rd to 4th, we found Obama ahead of Romney 49-45. PredictIt, the state's most popular betting site, currently sees an average of an Obama win over Romney coming in at 52.1. Turnout, which historically drives both of these kinds of races, was 60.6 percent in the last official election, and at the end of last month dropped to 59.9 percent. It's possible that turnout spiked this time, but it may have tailed off a bit since. We've looked at PA many times before, including most recently in July. Romney's and Obama's respective advantages in PA have ranged from razor thin (Dem) to as much as nine points (GOP). The only time that one of them has ever led the state by more than a point has been late in the 2008 cycle, when Obama led McCain 50.8-48.2. In Pennsylvania, Romney is up 49-45, Obama is at 47-48, and Libertarian Gary Johnson gets 1.9 percent.

What's new:

- Heroes of the Tides Find the seaside on your next stream Like the villains of folklore, the first enemies of Brandon Walker are the forces he can't conquer with his mighty wizard's steel blade. He tells of fleeing Blackheath, the nightmare menace that hunts him down... To return to Blackheath, not only is he weakened by his struggle to fight enemies on the road, but also by the dangers he's left behind. Menaces lurk in the gloom of every street, ready to strike. He must hide from his enemies, like his ancestors centuries past. In the unconscious depths of a storm churned inland seas, Walker must contend not only against the waves but also against the foe that sent his armies to the battlefields of Eredane. He must endure sleepless nights and demon-haunted dreams, lest his nightmare walkers (and the giants they raise) become too real! Sylph Sepulchral is a cleric of Tymora, a blessed one whose martial tradition brings her through the shadows to fight alongside the storm god. She once sheltered a child in the depths of Eredane, but it was her will to save a village from goblin raids that led her to the blasted land. Her divine teachings keep her focus on her charitable acts, but she turns what little power she has to Walker's cause.
