The dark fantasy RPG action game developed by Bluehole Studio, a studio that also created the world-famous PlayerUnknown's Battlegrounds. The game is about a young man named Deathstrider who has been separated from his love Inise. In order to prevent him from suffering any further, he needs to find Inise and return her to the world. But the surrounding world is still full of evil forces that keep your primary objective in mind. If you are able to fight them, you can get Inise back, but if you don't... A great game full of light and darkness, hope and despair, romance and adventure. In addition to the game, in order to create an immersive visual expression that is highly emotional and will captivate people, Bluehole Studio has been collecting a selection of classical music pieces and music masters of the RPG genre in order to integrate the game into the magic of the fantasy world. In order to make it known that the game is truly a fantasy story, Bluehole Studio has been using traditional fantasy artwork to create the game's environment graphics. Elden Ring Features Key:

Choice and Monster Strategy in Easy Battle On your journey to the Elden Lord, it has been a few years since you have battled life and death in a giant dungeon. Now, in these Gaea Steppes, a large global map full of opportunities awaits you! For example, you can search all over the map to collect materials that allow you to customize your weapons, armor, and magic. You can even recruit other party members and adventurers, and then work together to defeat monsters. In addition, you can even battle the Ainz Ooal Gown Boss who instructs hundreds of Ainz Ooal Gowns at once.

A Hero's Journey & Battle System Featuring over 40 passive bonuses and 10 active actions, an easy-to-understand battle system provides a selection of various special skills that allow you to become a master at avoiding death and wreaking havoc. Oasis & Gaea Steppes are Covered in Lore Lore about ancient ruins, meeting Ainz Ooal Gowns, and encountering angels is scattered in various locations in the Gaea Steppes. While you're not supposed to go into the ruins or directly encounter the boss monsters, by experiencing these places and finding the many hidden items, you can obtain the first clue to the truth behind the current situation in the world of Elden Ring!

Widely Known Heroes and Bosses Battle alongside such heroes as Bang, King, and Lady. With their special skills and abilities, they lend you support while you go on your journey. Also, you can meet and battle Ainz Ooal Gowns, including the Knights of Ainz Ooal Gown, in the Gaea Steppes. The powerful bosses will teach you special movement skills and special attacks, both of which are sure to have you jumping for joy.

Branching Storylines & Custom-Made Explanations with Full Voice Drama Branching storylines and conversations with the other party members allow you to experience all of the road and events that the various party members go through during the game.

Elder Scrolls V: SkyrimOut of Nightmares New-type of RTS RPG Date: Oct 07, 2012 By: ShanghuaTheCat Game: Elder Scrolls V: Skyrim Pros: Very massive world. I've explored almost all parts of the continent of Tamriel. Including the tallest mountains, deepest dungeon. The ambient ambiance is very beautiful, while the wonders and horrors of the game world come at you in waves. Cons: very repetitive quests. The same thing is said and done over and over. The enemies also seem quite weak in comparison. Stiff, easy controls. Elder Scrolls V: SkyrimOut of Nightmares Date: Jun 05, 2012 By: tehego Game: Elder Scrolls V: Skyrim Pros: When you're playing the game you understand the game as you play it. You're not told the story the game is about, you see that yourself Cons: At times the game seems too open. As in, you need to travel long distances (like a walk to the dead king dungeon) and just 'look'. I don't remember that happening in previous Elder Scrolls games. Elder Scrolls V: SkyrimOut of Nightmares Date: May 05, 2012 By: hario Game: Elder Scrolls V: Skyrim Pros: The freedom of movement in the game and freedom of finding new things to do. Cons: In the beginning a lot of places you are actually blocked from exploring. And there's really nothing to do once you're done exploring everything. It can be repetitive to play this game. The different areas that you can go to are pretty big, and it's easy to get stuck in a place for days and days. Elder Scrolls V: SkyrimOut of Nightmares Date: Feb 26, 2012 By: Shinji Game: Elder Scrolls V: Skyrim Pros: The world is huge and diverse. The combination of exploring a huge world and having an RPG system at the same time is a pretty refreshing experience. Cons: I feel like the combat system and equipment is not suited for this kind of game. What's new in Elden Ring:**Development Story**

In the Epic Fantasy genre, the atmosphere of the story has a tendency to be distorted by the ubiquitous combo-like battle system. The 'Story of' Ari the Oathbreaker (as well as other games in the 'Oathbreaker' series, like MyCite, DQIII, and SSF2) is a refreshing change of pace.

The main character, Ari, instead of being an archetypal dorky epic hero who wins the day with combos, shows off his veritable skills and behaviors of a maladjusted, genius college student. When a naive girl disturbs him, seeing as he hasn't slept for six days and has fallen asleep in class, his antics alone reveal his charming personality—even in his drowiness! Through these and other events that are not related to combat in a conventional way, Ari and the other heroes form a close-knit group that leads them on a journey into an extraordinary fantasy world that no one knew existed.

Quite early in the game, the 'Story of' begins to change, but in a more comfortable and accessible way. Progress slowly through the story, and once you enter the more gripping final dungeon, you will feel complete in your self-fulfillment. However, while the main story line in the game has 'a climax with a happy ending', other parts such as side story and recruitment story line have a sad ending. With this, we hope to create a deep experience where the sense of completion grows stronger as the story unfolds and the drama continues.

Characters:

- BASTON (voiced by Kenji Nojima) is a "Dream Master"; he is an immortal druid who controls the Land Between the Waves. He initially appears as an ordinary bystander. Beginning at the start of the game, he will come to the protagonist's aid in several scenes.
